## ABOUT US

There is something about the California spirit that awakens uninhibited creativity. Maybe it's the way the sun hits your skin as you walk down the boardwalk, or the ocean mist tickling your senses as waves crash before you. One thing is certain, inspiration abounds on the laid-back beaches of California. In fact, it is this creative atmosphere that energized our founder to create Michel & Co. over 40 years ago.

Even though Michel has retired, we still rely on her vision to bring the California spirit to paper. We bring creative, yet casual, designs to paper products that customers will be excited to use day in and day out. Whether jotting down the day's to-dos, or writing a note to a loved one, Michel taught us that it's all smiles in Southern California, and we enjoy spreading that attitude to homes worldwide.

### BIOGRAPHY

Coco Tafoya is the Creative Director and owner of the Miss Modern Design House in Sonoma County, California. She focuses on designing products, brand identities + social media campaigns for companies worldwide, with a clean, modern and bright style. CALLIGRAPHY

## BIOGRAPHY

Taylor has always had a thing for pretty pens and paper so when she saw a video of someone doing calligraphy for the first time, she knew she had to give it a shot. That day, she found her passion and has been in love with the art of lettering ever since. She started her business in August 2015 and hasn't looked back. Many pens and pages of paper later, here she is! All of her items feature her original hand lettering!

[www.coleykuyper.com](http://www.coleykuyper.com)

## BIOGRAPHY

Coley was born and raised a Southern California girl where she grew up discovering her love for art. She's been drawing and painting for as long as she can remember and there was rarely a time that she didn't have a paintbrush or pencil in hand. She is constantly being inspired—from nature, to good music, to an old building or meeting new people. She lives with her husband and four little girls in Phoenix, Arizona. Raising her girls keeps Coley on her toes and nothing has inspired her more or made her more proud than being their mama. Bringing art and beauty to others as a way to inspire and bring joy is Coley's passion, and she is so grateful to get to share what she does with the world!

## BIOGRAPHY

Julie Comstock is known for the original surface art design and innovative ideas that are hallmarks of her work. In June 2006, with her husband, Julie founded a craft and hobby company called Cosmo Cricket.

She grew Cosmo Cricket from her living room to a worldwide brand that she sold in 2011. She continues to conceptualize and design all products for the brand and has begun leveraging her work through other industries including fabric and stationery. Her personal interests include advocacy for struggling readers and she co-founded the Utah branch of the International Dyslexia Association in 2005. She is now focusing her volunteer work on hospice care with a group in her area. Julie also loves reading random articles about random things, good wine, dark chocolate, dogs, people, board games and beating her kids at Mario Kart, which happens only on rare occasions.

# Jill De Haan

## BIOGRAPHY

Jill De Haan grew up in the glorious mountains of Utah exploring nature and reveling in her grandparents' massive garden and woodshop. Her work today is always created by hand and often has a vintage or natural feel. An old soul to the core, Jill loves embroidering handkerchiefs, sipping on cups of tea and perusing consignment shops. She specializes in lettering and illustration and loves exploring different mediums in both areas. She currently lives in Eden, Utah with her husband Michael, their baby boy Judah and their scruffy, little dog Crackers Prish Preed.
